Original Report:

This examination has been supplied upon request of the customer, and is issued for his exclusive use. This report expresses and opinion at the time of examination of the diamond jewelry described. Since diamond grading in a mounted setting is not an exact science, this report represents only the opinion of an Expert Gemologist at this company. It is not a Guarantee or Warranty of any kind. IGL is not responsible for differences of opinion which could occur by examination of other Gemologists and/or the use of other grading standards outside of the accepted industry norm of criteria other than those adhered to by Independent Gemological Laboratories.
