NLE WELCOMES EXECUTIVE-LEVEL DIRECTOR OF SALES!

July 13, 2008, Orem, UT - NLE is proud to announce and welcome Stacy Betts as the Company's Director of Sales. Betts will be responsible for sales team leadership, driving revenue, contribute in product and vendor selection, as well as general management responsibilities.

He joins the NLE team from Alpha Bay Corporation located in Salt Lake City, Utah. Alpha Bay Corporation is a provider of technology solutions and services to the retail industry, including multi-channel POS systems, catalog order management, web stores and consulting services. It was there that Betts served as Senior Vice President over the sales and business development team. During his successful tenure at Alpha Bay he directed all sales and business development efforts, specifically targeting C-level executives of large retail companies with revenues exceeding \$1B.

Betts also comes to NLE with 11+ years of experience marketing, engineering and supporting technology solutions for libraries throughout North and South America. He held several management positions at Dynix, the leader in integrated library solutions. While there, he was instrumental in increasing annual company revenues and was a consistent member of the Dynix President's Club, recognized for exceptional sales achievements. He also held management positions at Tagsys USA where he was responsible for the growth of RFID technology with the company's library vertical. While there he led a turnaround within the business unit that saw revenues grow by over 50% within the first year. Mr. Betts also holds a BS in Accounting from Brigham Young University in Provo, Utah.

"I am thrilled to be part of the NLE team. My entire career has been spent in the technology industry and I look forward to continuing that tradition by providing "best of breed" network solutions to NLE's current and future customers."

Eric Winegar, NLE President and CEO, states "We are very excited to welcome Stacy to our team at NLE. Not only will he bring a tighter focus on customer relationship quality to our sales team, but also be a great role model for our employees and vendors who come into contact with him."

Work Portfolio Available Upon Request

NLE is in its 16th year as network Value Added Reseller (VAR) and system integrator serving small to medium businesses, the health care market, state and local government organizations, educational institutions and other institutional and support organizations. NLE can provide an infrastructure capable of delivering superior reliability, scalability, and performance. Building networks suited for today's expected demands of tomorrow has been one of the keys to NLE's success. Furthermore, everyone at NLE is dedicated to learning. NLE's technical staff is continually re-certifying and re-training to ensure that customers get the support needed. NLE's sales staff also takes many of the same courses as the technical staff so they can give customers quality recommendations.
